

Amel Larrieux

Singer-songwriter

For New York-based R&B singer Amel Larrieux, style isn't about sticking to one specific genre; it's knowing how to mix different eras—wide-leg pants from the '70s with a boxy button-down from the '80s, say—and have it seem both creative and personal. "I'm inspired by so many decades of fashion, but it's important for me to feel like I'm not just reverting back to something that's already been done," she says. "For example, right now I'm trying to reconstruct a kind of slouchy, '40s-style glamour." With this in mind, the 34-year-old is currently shopping for crisp blazers, substantial knits, and elegant trousers to pair with her more delicate sheath dresses and ornate jewelry. "I like that there's a lot going on," she says. "And it comes together in a very fearless but pretty way."
