A family affair: Owen Wilson catches up with Kate Hudson—and plays catch with her son

What started as a spark between costars now seems to be burning brighter as **Kate Hudson** and **Owen Wilson** dine publicly—and he spends time with her son Ryder, 2. On Oct. 6 Hudson, 27, and the actor, 37, grabbed a cozy breakfast of egg-and-tofu scramble and blue-corn banana pancakes at organic A Votre Santé in L.A.'s Brentwood neighborhood. Then on Oct. 7 Wilson was spotted playing catch with Ryder on the front lawn of Hudson's Pacific Palisades house. The actress—who split from husband **Chris Robinson** Aug. 14 but has yet to file for divorce—"is trying to figure out her life," says a source. "She is also trying to have a great time."
