

CLOVERFIELD'S SEXY STARLET

THE DETAILS OF JJ ABRAMS' monster-attack-in-NYC thriller, *Cloverfield*, are hush-hush, but it's no secret star **Odette Yustman** (of ABC's *October Road*) is already getting breakout buzz. The California native, 22, who's been dating actor **Trevor Wright** for

nearly three years, talks to *Us*.

Q: So what can you reveal about the top-secret film?

A group of friends capture this attack on film and you go through this torturous experience with them. It looks so real. The first time I saw it, I was scared!

Q: You were in *Kindergarten Cop* at age 5. Any memories of Arnold Schwarzenegger?

He was really fun. There were 30 kids and he would grab 10 of us at a time to take pictures!

Q: You grew up on a farm. Are you a farm girl or a party girl? Farm girl. I love to go out dancing, but those are my roots. We had pigs, cows and goats. It was great!

"It's terrifying," says Yustman (with Michael Stahl-David) of the film.

How does Yustman stay fit? "I like to hike with my Maltese, Navy!"
